

## **Alejandro J. Abrams González**

Partner and Vice President, Desarrolladora J.A. Inc.  
President, Board of Directors of the Associated General Contractors of America (AGC),  
Puerto Rico Chapter

Alejandro J. Abrams holds a Master of Engineering from the Massachusetts Institute of Technology (MIT) and a Bachelor of Science in Civil Engineering (*magna cum laude*) from the Polytechnic University of Puerto Rico.

Since becoming a partner in 2014, Alejandro has supervised and managed an excess of \$80 million in projects, both private and public. With more than ten years of experience in road and bridge construction, Alejandro aims to protect and develop the family owned business established in 2001.

After the damages caused by Hurricane Maria, Alejandro has managed more than \$15 million in first response reconstruction projects that include 4 temporary steel bridges, gabion and concrete retaining walls, slope stabilization, amongst others. Many of these projects were federally funded projects where a design-build procurement was issued to minimize design/construction times.

Apart from his involvement in Desarrolladora JA, Inc., Alejandro is an active member of the College of Engineers and Land Surveyors of Puerto Rico, member of the Phi Sigma Alpha fraternity and is a licensed Professional Engineer in Puerto Rico and Florida.
