

## **ODALYS ARROYO**

### **MANAGER AT ADVANTAGE BUSINESS CONSULTING**

Economist Odalys Arroyo holds a master's degree in Business Administration from the Complutense University of Madrid, Spain, and a bachelor's degree in Economics from the University of Puerto Rico, Río Piedras Campus. Her academic formation blends rigorous economic theory with strategic managerial training, providing her with a solid foundation for evaluating complex market dynamics, organizational performance, and long-term development trends.

As an economist and Manager at Advantage Business Consulting, Ms. Arroyo has built a distinguished professional career spanning over 16 years in the field of economic, financial, and business consulting in Puerto Rico. Throughout her trajectory, she has advised a wide spectrum of industries, consistently integrating analytical precision with a deep understanding of Puerto Rico's socioeconomic landscape.

Her experience includes:

- Strategic analysis for public and private health organizations, offering guidance on operational efficiency, financial sustainability, and service delivery models.
- Evaluation of short- and medium-term policy alternatives, providing decision-makers with objective, data-driven insight into the economic implications of proposed actions.
- Feasibility analysis of real estate and infrastructure projects, assessing market conditions, financial viability, demographic trends, and long-term economic impact.
- Advising entities undergoing organizational transformation, including scenario modeling, regulatory assessment, and strategic planning.

Ms. Arroyo's work is recognized for its actionable recommendations qualities that have made her a trusted advisor across sectors navigating uncertainty, demographic pressures, and evolving economic conditions. Her leadership at Advantage Business Consulting continues to contribute to shaping informed, strategically grounded decisions in Puerto Rico's public and private spheres.

# Odalys Arroyo

## Managing Director & Economist

Odalys Arroyo is as a committed economic consultant with 16 years of experience driving strategic initiatives and delivering impactful solutions across diverse industries, including government, private sector, and non-profit organizations. Her expertise in diverse areas such as health, macroeconomics, policy, and management, among others, enables her to help companies achieve their goals and objectives.

## Experience

Ms. Odalys Arroyo is a highly experienced economic consultant with more than 16 years of specialization in business analysis and applied economics. Her comprehensive expertise enables her to provide strategic guidance to companies and organizations, helping them achieve their financial and operational objectives.

She leads strategic analyses for public and private healthcare entities, evaluating short- and medium-term alternatives, identifying emerging industry trends, and conducting detailed economic valuations. Her experience includes active participation in projects to meet Puerto Rico's certification requirements for healthcare facilities, ranging from acute and intensive care units in hospitals to mental health centers, radiology facilities, and dialysis centers. These projects require not only a deep understanding of hospital management but also regulatory compliance and operational efficiency standards.

Also advise public and private organizations in healthcare, urban planning, transportation, real estate, and credit unions. She specializes in strategic planning, feasibility studies, and economic analysis, including the highest-and-best-use assessments for shopping centers, condo-hotels, residential developments, and cooperative expansions. Ms. Arroyo has led projects focused on healthcare facility certification, municipal mobility strategies, and congestion mitigation, while providing expert economic impact and forensic analyses in litigation cases. Her work integrates financial, market, and socio-economic insights to deliver actionable, robust solutions that optimize organizational performance and community outcomes.

In the forensic and specialized consulting realm, she has prepared economic impact and loss analyses for litigation cases involving pregnancy, age, discrimination, and sexual harassment. She has also led projects supervising junior staff, analyzing socio-economic impacts, and compiling, systematizing, and presenting data to explain economic trends and market forecasts.

Ms. Arroyo's career reflects a balance of technical rigor, strategic vision, and commitment to excellence, establishing her as a leading professional in economic consulting and business planning in Puerto Rico.
