

*Zach is a health and human services (HHS) project management professional with a focus on helping State Medicaid Agencies (SMAs) across the US. As a trusted advisor to HHS clients for nearly the past ten years, Zach delivers expert guidance on portfolio, program, and project management; information technology projects; state and federal healthcare regulatory changes; CMS certification and compliance requirements; organizational change management; procurement assistance; data*

*governance; and system implementations. He is a Certified Project Management Professional, a Certified Medicaid Professional, and a Prosci® Certified Change Practitioner.*

*Zach and the BerryDunn team have been assisting Puerto Rico Medicaid Program (PRMP) through their strategic planning, procurement, certification and compliance, and program management services since 2019. Their involvement has been instrumental in several areas, some of which include helping PRMP to achieve certification of their Medicaid Enterprise IT solutions, achieve enhanced federal funding for their program, and supporting PRMP in compliance with federal procurement policies and standards.*
