VOICE & ACTION
of the Private Enterprise

WELCOME

TO THE PUERTO RICO CHAMBER OF COMMERCE

The Puerto Rico Chamber of Commerce (PRCC) is the Voice and Action of businessmen and women who, like you, are interested in better options for businesses, greater access to groups that model our structures, and greater participation and benefits for their groups. As a PRCC member, you will be able to benefit and collaborate based on three principles that support our mission: advocate and defend the private sector; seek and grant exclusive benefits to our members; and connect members' businesses in our network.

I share the details:

Ramón Pérez-Blanco, Esq., CPCU
President & Chairman of the Board

WE ADVOCATE: Our Legislation and Lobbying Department works daily with leaders from the Puerto Rico Legislative Assembly and the United States Congress, as well as local and federal government leaders, to improve the conditions of the Private Sector in the Island. The topics that we work on range from taxes, regulation, transportation, infrastructure, permits, among many others. To achieve multi-sector growth, we listen to our members, we consult the different industries to learn about their current needs and circumstances to pronounce ourselves with concrete alternatives that empower our businessmen and women.

BENEFITS: We have an extensive offer of benefits. Being a member of the Puerto Rico Chamber of Commerce is a great investment for every businessman and businesswoman. Some of these benefits are:

- We offer a health plan that provides a wide range of comprehensive care at a competitive price; better than what our members could get on the open market, and other discount programs that are added annually.

**Being a member of the Puerto Rico
Chamber of Commerce
is a great investment
for every businessman and
businesswoman.**

- We educate our members on leadership issues, business strategies, legislation that impacts businesses, among other topics.
- We provide our members with numerous opportunities for them to promote their businesses.

WE CONNECT: We create spaces so that our members can connect with other leaders in the industry, through conferences, events or meetings coordinated by our staff. These activities promote valuable opportunities to connect with other local businesses, learn about their stories, and learn from their experiences. Through constructive dialogues, we learn, grow, and become stronger.

I encourage you to join and participate in this multisectoral business network, with over 110 years of solid experience, created to strengthen and support businessmen and businesswomen like you.

Each of our Sectoral Committees has the representative diversity to meet the needs of large, medium, and small businesses, under equal conditions. The meetings of our committees allow them to identify the issues that require attention in the short, medium, and long term. This input becomes our working plans, strategies and programs that enhance our role of defending you as a business leader and entrepreneur and being the “Voice and Action” of the Private Enterprise in Puerto Rico.

As President and Chairman of the Board of Directors, and on behalf of our work team, I give you the warmest welcome. My personal commitment is that through the Puerto Rico Chamber of Commerce and you as a member, through constructive dialogue, strategic planning, and participatory engagement, we will strengthen the private sector in and outside of Puerto Rico.

The Puerto Rico Chamber of Commerce provides you the opportunity to be an **ACTIVE ENTREPRENEUR OR PROFESSIONAL IN THE BUSINESS COMMUNITY:**

ADVOCACY IN ACTION with the Legislative Assembly, the Executive and with the U.S. Congress to improve the conditions of the private sector on the Island.

WORK COMMITTEES

The daily work of the Institution is carried out through its Working Committees. They are responsible for studying situations and problems that directly or indirectly affect the development of private enterprise and offer **SOLUTIONS OR ALTERNATIVES**.

All members of the Puerto Rico Chamber of Commerce and their designated representatives are eligible to form part of the Working Committee of their choice. The President of the Puerto Rico Chamber of Commerce will designate the chairpersons of every Committee, who will occupy their position for one year, and will inform them of matters that will constitute the work agenda and priorities for the fiscal year. Chair persons will concentrate their efforts on these priorities and will recruit volunteer resources in order to facilitate the culmination of their agenda during the fiscal year. If culmination is not possible in that time period, they will submit pertinent recommendations at the end of their terms in order to allow proper continuity of such efforts in subsequent fiscal years.

Guidelines:

- ▶ Working Committees will act as advisory bodies to the President of the Puerto Rico Chamber of Commerce and the Board of Directors.
- ▶ Scheduling of the Working Committees will be carried out through the Puerto Rico Chamber of Commerce.
- ▶ Membership in the Working Committees is renewed annually.

ADVOCACY

Lobbying

The participation of the PRCC in matters affecting the private sector is an essential part of its mission. We strive to maintain an active presence before the Legislative Assembly and other governmental and private entities to defend the interests of this sector and support beneficial changes and legislation that allows for sustainable economic development in Puerto Rico.

We do this strictly following the principles of free enterprise and sustainable economic development detailed in our Statute and Assembly Resolutions. The evaluation of each measure is carried out by determining its impact on the economy and on trade, keeping out political-partisan motivations or considerations. All with the intention of strengthening the development of our constituents, providing knowledge, multisectoral representation and protecting the values of the private sector.

We have achieved important alliances that allow us to maintain a presence in Washington D.C. on very important topics such as health funds (Medicaid, Medicare), nutritional assistance funds and others. These alliances with non-profit entities have allowed us to expand our field of action and have our message reach a wider audience. The Chamber also keeps its members aware of important legal developments through its weekly publications, emails, articles or information activities.

Scope of advocacy:

- Negotiate and support legislation favorable to the private sector.
- Stop legislation or unfavorable determinations that affect economic development and businesses.
- Prepare and present testimony before legislative committees.
- Appear at legislative and government agency public hearings in order to set forth the Chamber's position.
- Support and lobby in favor of the private sector at the municipal level, the courts or any competent forum.
- Report on legislation in progress.
- Report new laws that impact the business sector.
- Meet with government leaders to discuss and find development alternatives for the private sector and the economy.

Informe Legislativo-Legislative Report

"Informe Legislativo" (Legislative Report) is available to our members. This digital publication is produced by our Director of Legal and Legislative Services, Liza García, Esq.

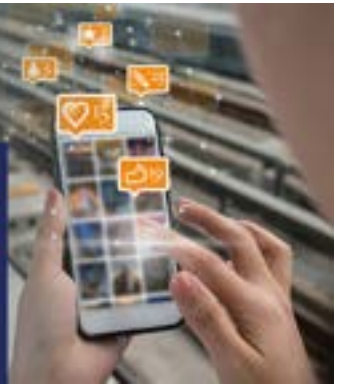

This report presents a updated summary of the projects in which the PRCC is working on and those that its following through the legislative process. At the end of each session, a more detailed report will be published specifying each new law approved that can positively or negatively affect our members. Links to the presented projects are included so the reader could make his own analysis.

We appreciate your feedback to improve the report and make it a useful tool for everyone. You can direct your comments to: lgarcia@camarapr.net

INSTITUTIONAL DEVELOPMENT

Our different departments are responsible for developing programs and activities directed towards strengthening the relationship with and between Chamber members. Our primary goal is to offer excellent service to our members and maintain a direct and effective communication flow. We work arduously when it comes to fundamental tasks such as: maintaining good relationships with government agencies, legislative bodies and other associations and institutions in an attempt to establish strategic alliances when needed.

We constantly have the responsibility of structuring personalized benefits and services for Chamber members. Our personnel meet the needs of members with sensitivity, diligence and promptness, because they are the foundation of our economy. Our diverse services go from the most basic, such as the orientation on permits and licenses needed to establish a business, to the most complex, such as promoting the participation and interaction of our members in Commercial Missions. This way, entrepreneurial ties at the local and international levels are strengthened.

BUSINESS TRAINING

Participation in events and activities of the Chamber provide professional and development opportunities for “networking”. To help your business grow, the PRCC organizes over 50 training activities annually for immediate implementation and offers over 40 free activities to strengthen the competitiveness of your business.

the Institution with
a proven track record
of effectiveness

Founded in 1913, the PRCC is a private organization which represents all business sectors. The Chamber groups professionals and entrepreneurs who promote the development of all economic sectors in Puerto Rico, based on private initiative and free enterprise.

As part of its objectives, the PRCC is pledged to defend the free enterprise system based on the premise that the Government must be a stimulating agent in promoting business. In carrying out its regulatory function the Government must become a facilitator, so that the private sector can efficiently carry out its functions of producing and distributing goods and services. This will promote the generation of jobs and achieve the quality of life that our community requires in order to advance the progress of everyone in Puerto Rico.

In addition to its membership of more than 1,000 members, the PRCC groups 38 allied entrepreneurial and professional associations of all sectors in Puerto Rico. They make up what is known as the Council of Affiliated Associations. Thus, the Chamber is an institution that represents the Island's private sector.

The Chamber's work is carried out by the Board of Directors, which is made up of professional entrepreneurs and representatives of the Affiliated Associations, who encompass all fields of economic activity. The members of the PRCC respond to the general standards and plans drawn up by the General Assembly of Members, the Board of Directors and the President of the Institution.
