A PROGRAM OF

Puerto Rico
Science, Technology
& Research Trust

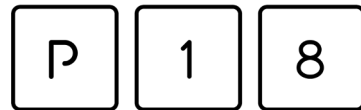

parallel¹⁸

Parallel18 is a top-level, performance-driven international startup program with a social mission. We offer entrepreneurs from all over the world access to high-quality business training, funding, and networks to help them scale globally. And as a Puerto Rico-based organization, we are working to position Puerto Rico as a unique hub for innovative businesses and technology.

OUR PROGRAMS:

Pre-acceleration program for local companies.

Acceleration program for local and international companies. (Applications open soon)

Post-acceleration program designed to support innovative companies that are in a growth-stage funded by Banco Popular. (Applications are open)

A Life Sciences innovation incubator program funded by the US EDA.
